

Dirty Rigger Gloves - Size Guide

Finding the right glove size is just as important as choosing the right glove for the job. A glove that's too loose can snag or reduce grip, while one that's too tight can restrict movement and quickly become uncomfortable.

Use our simple measuring guide below to make sure your new gloves fit securely and comfortably.

How to Measure:

You'll just need a tape measure and a moment to measure your dominant hand.

1. Bring your four fingers together

Keep them naturally together—no squeezing. This helps ensure an accurate hand-width measurement.

2. Place the tape below your knuckles

Position the tape measure just under the knuckles (excluding the thumb).

3. Measure around your hand

Wrap the tape around your hand and note the circumference in centimetres or inches.

4. Check your size in the chart

Match your hand measurement to the size chart below. If your measurement falls between two sizes, we recommend choosing the **larger** size for comfort and flexibility.

Glove Size Guide Table

Hand Size	-	XXS	XS	S	M	L	XL	XXL
Size Number	-	5	6	7	8	9	10	11
Hand Circumference	(mm)	127	152	178	203	229	245	279
Hand Circumference	(in)	5	6	7	8	9	10	11

Finding Your Fit:

Our gloves are available from **XXS to XXL**, offering a close yet comfortable fit across fingerless, framer, and full-hand styles.

A well-fitting glove should:

- Fit snugly without restricting movement
- Allow you to fully open and close your hand
- Feel comfortable during extended wear

If the glove feels tight, limits movement, or causes discomfort, sizing up will usually give a better fit.

Dirty Rigger Gloves - **Printable Size Guide**

If you do not have a tape measure to hand - we also have a printable guide which can advise your glove size.

Print page at 100% - Do not set to “fit to page”

Place index finger along side the red line as shown to obtain your approximate glove size

The above is a guide only, measuring your hand is a more accurate method. Ideally, your glove should be close-fitting but comfortable to wear and not restrict your movement.
